BRAXTON AND WEBSTER GOLD

Webster and Braxton counties In have had a gold field for several years and the fact has just leaked out.

Discovery of gold in Tucker counfor ty prompter T. F. Martin of Curtis, nole W. Va., to announce that he and 12, associates are making plans to deght. velop minerals which the discovred ered near Prestonia, on the B. &. sh- O. railroad.

In a letter to the Gazette Mr. Marthe tin wrote: The Tucker county gold field has nothing on Braxton and Webster counties. Several years ago I found a very fine showing of gold, silver and copper. The assay was made by the Pittsburgh testing laboratories and proved to be very valuable. Myself and associates will in the future open up and develop these minerals. We are making plans now to accomoing date the working men."
